I took it out of the library first and after a few recipes I knew I had to have it. Every recipe has been great and I'm a retired chef so I can vouch for the flavors and easy to read directions. I never get tired of Thai food and thes recipes are better than most Thai restaurant lid.1 of 1 people found the following review helpful. Great Cookbook!By AJIf I buy a cookbook, you know it's gotta be good.(I hate plunking down money for recipes!) However, i checked this out at the library first and right away, knew I had to have it. If you're a fan of Thai food, then this is the cookbook to buy. I must have read 20 or more Thai cookbooks before I purchased this book, but this one was the easiest to understand and replicate in an American home kitchen. LOTS of great recipes.Great cookbook!0 of 0 people found the following review helpful. Five StarsBy Betty C.Nice Thai
