**Phillis Pellman Good : Cookbook from Amish Kitchens: Breads (Cookbooks from Amish Kitchens)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cookbook from Amish Kitchens: Breads (Cookbooks from Amish Kitchens):

3 of 3 people found the following review helpful. According to my sister, these are good bread recipes  
By MeScotty  
The Amish bread cookbook was a 'stocking stuffer' gift for my brother-in-law, who decided to try making his own bread. According to my sister, who's made several of the recipes, they are good and easy and don't require a lot of fancy ingredients. Please note that this is a booklet, not a huge book, and it's pretty basic.....but the recipes are good and you can't beat the price.

Awesome  
2 of 4 people found the following review helpful. Okay recipes if you are feeding two dozen people!  
By LadyAtTheGate  
I purchased this in hopes of finding some new Amish bread recipes to make or to learn some variations on the recipes that I currently know. For the price this is a decent buy if you are in a pinch and need some recipes that are fairly good. My main issue with this book is that almost every recipe makes far too much food. The raisin bread recipe makes 5 loaves and if you want to make cinnamon rolls, be prepared to make 4 dozen! While a person can certainly cut down the recipe using division it doesn't seem worth the time to recalculate the recipes only to end up with very odd measurements. The recipes themselves are fine. If you've never had or cooked Amish food before you will probably think these recipes are fantastic. As a whole though these are just a few of your standard Amish bread recipes and nothing more. It was a bit of a letdown to not have any pictures or drawings in this little cookbook. Not having to print pictures is probably one of the reasons that this book is so low in cost which is a plus. However, I like having an image as a goal to work toward but that's just my personal preference this may not be an issue for some people. If you really want some good Amish recipes I would recommend any of the Lovina Eicher cookbooks instead of these. However, these cookbooks cost around \$15-\$19 so if you just need a quick cheap book of some Amish breads and you don't mind doing some math then this book will suffice.

A warm, moist, pungent smell through the house. A steaming loaf of bread just lifted from the oven! Thoughts of cinnamon rolls, glazed doughnuts, and corn pone will make any child hungry for home. For these foods are rich in flavor and affection and warm memories of big kitchens full of love. One of 12 cookbooks from Amish kitchens! The recipes in this series overflow with the good, old-fashioned food which comes from some of the world's best cooks. These handsome cookbooks have sold more than 800,000 copies!

About the Author  
Phyllis Pellman Good is editor of Festival Quarterly, a magazine exploring the art, faith, and culture of Mennonite peoples. She and her husband, Merle, oversee The People's Place and the Old Country Store. Phyllis is the author of several books, among them Cooking and Memories. The Goods are the parents of two daughters and are members of the Landisville Mennonite Church.  
Rachel Thomas Pellman is the manager of the Old Country Store in Intercourse, Pennsylvania, which features quilts, crafts, and toys by more than 200 Amish and Mennonite craftspersons. Rachel and her husband, Kenny, are co-authors of The World of Amish Quilts and its companion book, Amish Quilt Patterns. Rachel and Kenny are the parents of one son and are members of the Rossmere Mennonite Church.
