I highly recommend any of the books in this series! 0 of 0 people found the following review helpful. Five Stars By Sandra G Love it!!! 2 of 3 people found the following review helpful. The definition of "Old-Fashioned"... By TABI have all of these adorable little 'Cook Books from Amish Kitchens', and have really enjoyed them. They are very small and simple... the complete opposite of a coffee-table/display-style cookbooks we see most often today. This is a thin pamphlet with matte paper and does not include interior photos of any recipes (excluding the cover). The text is in a handwritten-style font and clearly explained. The recipes are very homey with basic ingredients and techniques; nothing fancy. Simple, delicious recipes in a simple, small booklet. RECOMMENDED.

And with the best cookies go memories . . . "Grandma always let me put the raisins on the sugar cookies she baked for market . . ." These recipes are favorites, most of them several generations old! One of 12 cookbooks from Amish kitchens! The recipes in this series overflow with the good, old-fashioned food which comes from some of the world's

best cooks. These handsome cookbooks have sold more than 800,000 copies!
