Phillis Pellman Good : Cookbook from Amish Kitchens: Pies (Cookbooks from Amish Kitchens) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cookbook from Amish Kitchens: Pies (Cookbooks from Amish Kitchens):

2 of 2 people found the following review helpful. Pies from heavenBy GwenOf course I can make pies as long as I have a frozen pie shell. No need for that with these simple and simply delicious recipes. I've got every imaginable gadget and appliance in my kitchen and there is absolutely no excuse not to make my own pie crust from the easy recipes. I know for a fact that my husband loves Shoo Fly Pie and I have never in my life made it. Why not? He had it in Pennsylvania at an Amish Community Restaurant some years back and gets that far away look in his eyes when he talks about the food there. The Raisin Pie recipe sounds delicious as do the Sour Cream Apple Pie and the Lemon Crumb Pie. And just what is a Montgomery Pie? Buy the Cook Book from Amish Kitchens for Pies and find out.0 of 0 people found the following review helpful. Amish PiesBy #1chefThis is a small booklet, not a 'cookbook'. I had known that by reading other reviews so I had decided to try just ordering one of them until I made sure I was happy with the item. I won't be using all the recipes in this little book, but some are different enough to make me happy I made the purchase, and I will now also probably order one or two more of them that I was interested in. No pictures for those of you that enjoy them...but once again, book arrived early, well packaged, and in brand new condition!0 of 0 people found the following review helpful. Five StarsBy Southern DivaI love the simplicity of this cookbook.

Experienced pie makers create their crusts "by feel." They know their choicest fillings by memory. We've put some tried and true favorites on paper and asked some old hands to test them. Here, then, are family specialties for all to share. Enjoy! One of 12 cookbooks from Amish kitchens! The recipes in this series overflow with the good, old-fashioned food which comes from some of the world's best cooks. These handsome cookbooks have sold more than 800,000 copies!
