From Meredith Books : Cookie Classics (Better Homes Gardens Test Kitchen) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cookie Classics (Better Homes Gardens Test Kitchen):

By A Customer I bought the book because of the mouth-watering looking ribbon cookies on the cover, so that was the first recipe I tried when I got my copy. I was disappointed, first of all because the dough wasn't easy to handle at all, and the end result was a bland tasting cookie, a little dry even. I tried the spritz cookies as well and wasn't thrilled with those either. It is a great looking book, full of wonderful pictures, but the results don't live up to the presentation in my opinion. I'll stick to Nick Malgieri from now on! 0 of 0 people found the following review helpful. Will make you a cookie monster! By Homeowner Can't have enough cookie recipes. My family loves cookies, so we couldn't pass this one up! 3 of 3 people found the following review helpful. Excellent cookie book! By A Customer This is one of the best cookie books I've ever bought. It includes a great collection of easy-to-follow recipe. Detail instructions and colorful pictures are just great for beginners.
