Most cookie cookbooks rehash older recipes or decorate them and call them a new recipe. Cookie Lover's Cookbook had new cookies that I've never seen before and I collect cookbooks. I thought it was so good I bought one for a friend who's daughter started baking cookies recently. Then I bought another one for me!You won't be sorry, and no I'm not going to give any hints of what's inside, just to say, please trust that this is a cookie cookbook that you'll want to own.I also own a food production company and I know quality this book and its recipes. Best Regards, John21 of 21 people found the following review helpful. Beautiful and UsefulBy A CustomerThis is the best cookie book I've found. There's a color photo showing how each cookie should look, easy directions and the recipes are for a wide assortment of cookie favorites. It's has interesting bits of history and pictures of antique cookie jars. It would be a lovely gift for anyone.2 of 4 people found the following review helpful. cookiesBy Shirley AmatoI sell cookies. I love cookie books. You never know when you might come across a really interesting cookie. This is a really interesting cookie book.
