By Nova Nikki So far so good, I haven't tried very many of the recipes in this book yet, but the ones I have tried were very good, the kids really enjoyed them. 1 of 2 people found the following review helpful. Wonderful cookbook ~ pictures of them all!

By C Smith I got this from my Mother-in-law. She has pretty much all the books in the Companies Coming series and was thinning out her extensive collection. Lucky me! I just made 10 recipes from the book to give as Christmas cookies to friends. They were all so delicious! Rave review from the recipients :-)

And the instructions were easy to follow and not intimidating. I also liked that the ginger snaps didn't have shortening in them. I don't think there is any lard or crisco in the recipes. I love that all the recipes have pictures to go with them - all nicely arranged - that way I could try and pick a variety of colors and shapes. My only complaint could be that there was no fudge recipe, but since fudge isn't really a cookie, that isn't the book's fault! Besides, we are dairy-free (except butter) so I'd have to have adapted a traditional fudge recipe anyway.
