**Lilach German : Cookies, Cookies More Cookies!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cookies, Cookies More Cookies!:

2 of 2 people found the following review helpful. My go to book!By LouisaI love this cookbook! I am a chef that cannot bake. This is my go to book for reliable recipes. Everything that I have attempted in this book has been easy to execute and unfailingly delicious. I have many many cookbooks at home to which I only reference for pictures, cooking technique and ideas. I hardly rely on recipes except for when it comes to baking. With this book every recipe I have followed turns out the way it should. This lady knows her stuff.

These sweet treats are for everyone and any occasion! There's nothing better than the tantalizing aroma and mouthwatering taste of a freshly baked cookie; and here are more than 75 recipes to choose from, including special delicacies just right for birthdays, showers, and holidays. Put a smile on a child's face with a Sprinkled Chocolate Ball or Nutella Thumbprint. Enjoy classic temptations like Madeleines and Linzer Sables, or decadent brownies and truffles. Satisfy the most discerning palate with colorful and icing-filled macarons, lady fingers, or Scottish shortbread. Even the health-conscious will find yummy options, including energy bars and Oatmeal and Cranberry Cookies. Many of the recipes produce large batches, perfect for sharing with family and friends. Includes instructions for whipping up basic types of dough, icing, and meringue. And just in case you need a little more inspiration to pull out the mixer, there are luscious photos throughout.
