Josephine Perry : Cookies from Many Lands before purchasing it in order to gage whether or not it would be worth my time, and all praised Cookies from Many Lands:

1 of 1 people found the following review helpful. A cookie lovers delight!By little white glovesIf you love cookies this reprint from 1940 is your cookbook. A stunning collection of cookies from around the world, from simple to complicated. There is an especially helpful section on what to serve for afternoon tea, at parties, to children, with fruit and ice cream, on what travels well in gift boxes, etc.... One problem: recipe ingredients are not arranged in order of use. It's a bit annoying to have to keep going back and reread the recipe. But a minor consideration when the results are soooooooo good!
