Bethany Heald : Cookies: More Than 70 Inspiring Recipes (Conran Kitchen) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cookies: More Than 70 Inspiring Recipes (Conran Kitchen):

4 of 5 people found the following review helpful. British book with british ingredientsBy Mother of twoUS buyers should keep in mind that this is a British publication. Although both weights and volumes are provided in the ingredient lists, some of those ingredients may be difficult to find in the US. Most notably, many of the recipes rely on something called Regal Icing, which is NOT the same as Royal Icing, but is something that can be rolled out and cut (like fondant? but it's not fondant). The recipe for Regal Icing provided near the start of the book calls for liquid glucose, which seems to be unavailable in the US; internet searches say that light corn syrup can be used instead.I haven't tried any of the recipes yet (I'll post again when I do). But I've noticed that many of the recipes (esp. in the "With Family and Friends" section) are essentially the same, and rely on the decorating/styling for differentiation - which is odd, since many of those recipes lack photos or other illustrations.0 of 0 people found the following review helpful. Three StarsBy Levenna WilliamsNot what I was expecting and it was a bit disappointing.3 of 3 people found the following review helpful. Great RecipesBy Susan Tierney CockburnI've only made the shortbread cookies, but they turned out perfect and the decorating ideas were great.

The most difficult thing about making these cookies? Not gobbling them up all at once! Serve them with coffee, put a

few in a child's lunchbox as a surprise, hang them from a Christmas tree, or tuck them into a pretty box as a gift: with these recipes and simple decorating ideas, anyone can bake these tasty and beautiful treats. Many of the recipes are freezer-friendly, all have been tested to assure that they work perfectly every time, and there are even templates for creating cookies in every shape from butterflies to the ever-popular dinosaur. Enjoy decadent nibbles such as bitter chocolate cookies decorated with gold leaf; fun teddy bear cookies; a savory delicacy such as parmesan cookies dusted with cayenne pepper; and a healthy Banana Bran cookie.

About the Author Tara Fisher is a London-based photographer whose clients include, Marks Spencer, Waitrose Food Illustrated, Country Living, Gardens Illustrated and Red magazine.
