Australian Women's Weekly : Cooking Class Cakes (The Australian Women's Weekly) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cooking Class Cakes (The Australian Women's Weekly):

0 of 0 people found the following review helpful. Great stuffBy Ana LuisaAMAZING book. Not a surprise because most AWW books ARE truly fantastic. Simple recipes. delicious results. I particularly advise the Cream Cheese cake (first recipe). It is to die for :)3 of 3 people found the following review helpful. One of the best cake recipe books you'll find...By Lily YangI've been a big fan of Women's Weekly recipes ever since I was little (having grown up in Australia and watching my mum collect all their recipe cards and books). I started using their recipes to bake cakes as a teenager, and haven't stopped since! I received this book as a birthday present, and it's certainly been put to good use. The recipes are clear, easy-to-follow, with beautiful photos. The very first recipe in the book is for "Lemon Cream

Cheese Cake" and it's already proven to be a favourite with my father, husband, niece, and many, many friends! I've actually lost count how many times I've made it in just the last year. The rest of the recipes are also amazing, with a great variety of cakes. You're sure to find something for everyone in this book.3 of 3 people found the following review helpful. no-fail recipesBy A CustomerThis is a mouth-watering collection for cake lovers. The recipes are quick, easy to follow, and the results delicious - I have never had so many compliments for a chocolate cake, and the hummingbird cake is out of this world. Each recipe gives quantities in cups AND grams, as well as calories and fat per slice, etc. The book is also beautifully photographed. In fact, most AWW books are equally fantastic.

This how-to-bake guide includes the sort of cakes that are popular today - cafe cakes, muffins and friands, for example, as well as the classic cakes such as sponges and fruit cakes like mother used to make. Instructions for each cake take a double page spread and are presented with step-by-step pictures and accompanied by icing and decorating suggestions plus useful tips for success.

About the Author Founded in 1933, Australian Women's Weekly has long been enjoyed by both women and men in Australia and worldwide. At more than 70 years in print, it continues to be one of the leading women's magazines with over 3.2 million readers. Internationally known for its cookbooks, Australian Women's Weekly also offers informative articles on gardening, home living, fashion, and parenting.
