I love the recipes and the stories touch the heart. This is a book I will treasure and pass on to my daughter-in-law. (That is, if she doesn't pinch it in the meantime)! 0 of 0 people found the following review helpful. Five Stars By Esther Kiwala Nice book! 0 of 0 people found the following review helpful. Wonderful! By Anniki This book is a wonderful journey through Jewish cooking and culture, as Jewish cooks who have come to Australia from all corners of the globe tell their stories and share their recipes. As a cookbook the recipes are easy to follow and the photographs are gorgeous. As a history of Jewish Diaspora in Australia the stories are engaging and entertaining. If you're interested in Jewish food, or you're interested in contemporary Jewish

culture, you'll enjoy this book.
