Maangchi : Cooking Korean Food With Maangchi - Books 12: From Youtube To Your Kitchen before purchasing it in order to gage whether or not it would be worth my time, and all praised Cooking Korean Food With Maangchi - Books 12: From Youtube To Your Kitchen:

3 of 3 people found the following review helpful. Love MaangchiBy Gabrielle C. KimI have used several of her recipes from the website and decided to buy the book. I got it about a week ago and have made 5 or 6 dishes. They all

turned out perfectly! My husband is Korean and her recipes make very authentic tasting food. I have tried many different Korean recipes - hers are by far the simplest and the best! My only complaint is that it is a very small book. It's kind of like a pamphlet. It is still worth it, and I am planning on buying book 3 soon! 8 of 8 people found the following review helpful. Best Korean Recipes By John Padula I found Maangchi on youtube while looking for a traditional pickled radish recipe. I tried it and it is as good, if not better, than some Korean restaurants in the greater NYC area. You can't go wrong with her book. Her videos are simply amazing. I have several Asian cookbooks and one just for Korean cooking and this one beats them all. Get this book! 0 of 0 people found the following review helpful. Must have. By kimmie 2 I watch Maangchi on YouTube for her tutorials. She is so down to earth, cute and fun. I didn't hesitate to order her cookbook. It comes with illustrations and step by step clear instructions. Everything is delicious! I'm half Korean and know how to cook a lot of stuff but still have a lot to learn.

This is the second, revised edition of the collection of my first two Korean cookbooks published in 2008. It's 45 recipes from my YouTube videos and website, plus pictures of the ingredients you need so you can easily find them in the store, even if you've never cooked Korean food before.

About the Author Maangchi is the woman behind the popular Cooking Korean Food with Maangchi videos on YouTube, which have been millions of times worldwide. Her website www.maangchi.com is the #1 Korean food and cooking website on the internet. She lives in New York City and has a passion for cooking which she indulges every day.
