Enjoy !By todd fischerIt's a recipe book on how to make Clone Cordials. its ok, and it maybe cheaper and may be better than what you buy at the liquor store, so it depends on how much you drink if you want to save money, or how picky you are about the flavor ! maybe both! its about blending ingredients together to come up with the right flavor. its not rocket science, but it is interesting to how you at home can do it. a simple, inexpensive hobby to have, compared to buying it. fun? well, its something easy to do, and it tastes good too!3 of 3 people found the following review helpful. Not much more info than you can get from a Google searchBy BD KingTry Google searches for home made liqueurs instead. It will save you money and boredom from reading
