Susan Hewsten : Cornbread: The Ultimate Recipe Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Cornbread: The Ultimate Recipe Guide:

2 of 2 people found the following review helpful. cornbread recipesBy Jbarr5Cornbread :The Ultimate Recipe Guide - Over 30 Delicious Best Selling RecipesThis cookbook has recipes that feature prep and cook time, servings and ingredient list along with instructions in how to make the item.No pictures and no nutritional information but I think some substitutions for a healthier option would work.Lots of different methods for making the bread and varieties.One as a dessert sounds real good. Other works by the author are highlighted at the end.8 of 8 people found the following review helpful. don't want to use mixesBy Rachel SchecterAny cookbook that bases a large portion if the recipes on a ready-made mix doesn't get a high rating from me. Making cornbread from scratch is not that difficult and in my opinion, the ultimate recipe guide should contain recipes that are not based on mixes.7 of 8 people found the following review helpful. BACON, bacon and more bacon!!!By GeraldineI'm a big fan of cornbread and this eBook sounded

intriguing. It's not a typical topic for a recipe collection. Can't say I was impressed with the recipes overall though. What I noted right off the bat was how many that included BACON DRIPPINGS as one of the ingredients. Yuck....Is something this unhealthy really unnecessary to make cornbread? NOT!!! The ones that didn't include bacon drippings often contained bacon or other meats. As a vegetarian, I was totally turned off by this. I also noted that many recipes relied on cornbread mixes, not all from scratch ingredients. If someone is going to buy commercial mixes to make something, why bother with recipes? Can't recommend but if you like meat particularly bacon, you might find something here. The cover was so yummy looking, too bad it didn't deliver from there.

The Ultimate Cornbread Recipe Guide Cornbread has been a staple in the American and more specifically the Southern diet since colonial days when corn was far more plentiful than wheat, which was typically imported from England. Several hundred years of making cornbread has allowed cooks to evolve the recipe into a wide variety of iterations. We have collected the most delicious and best selling recipes from around the world. Enjoy! Take a peak at a few of the recipes inside!
