Wasn't long before we realized we really missed the set, so we bought a replacement. The best part of the set is that it features "down home" types of food, and includes not only the mainstays, but also some more unusual recipes.0 of 0 people found the following review helpful. Great books to have for novice or experiencedBy groovykarmaExcellent recipes in these four hardcover books0 of 0 people found the following review helpful. cookbooksBy Customernice collection recipes and country cooking thx deb

An excellent collection with easy-to-follow recipes that run from cakes, pies, cupcakes, breads, muffins, tarts, cookies crackers. A very attractive set.
