Eric Lanlard, Patrick Cox : Cox, Cookies, and Cake before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cox, Cookies, and Cake:

Bringing the edgy attitude of Cox Cookies and Cakes to your kitchen. Under the expert guidance of Patrick Cox and Eric Lanlard, cupcakes have received a sultry and seductive makeover, and Cox Cookies & Cake is far sexier than the average cake shop. The edgy atmosphere of its Soho home is ravishingly reflected in the cakes it produces - from Mrs Nickolchuk's Nanaimo squares to cupcakes bejeweled with skulls and gothic black frosting. Oozing sexiness, this book features 80 recipes from classic Bling cupcakes and chunky chocolate chip cookies to all-time favorite cheesecakes and brownies. Edgy design and graphic photography make this a voluptuous and completely delicious new take on cakes.
