tastings and it will be nice to use this when we try new beers, whether at a brewery or at home. I love the concept of basically writing our own book on all the beers we will taste and then be able to look back and reference them whether telling friends about them or wanting to buy them at a store. We love to travel and check out local microbreweries. Diane Topkis' book will be a welcome addition in our travel bags as we fill in the pages for our craft brew tasting journeys. She provides an informative breakdown of the different styles of craft beer as well as the process for enjoying a tasting at your favorite brewery or pub. What I love that she does, however, is that she provides some creative insights for cooking with craft beer that I hadn't thought of...as well as tips for hosting a craft beer tasting party. Pick up the Craft Beer Tasting Journal and enjoy your tasting journey!
