Provided Guidance for One of The Best Trips EVER!By Reviewer DaveI purchased this book in anticipation of an upcoming trip that my wife and I had talked about to experience craft beer in the pacific northwest. Needless to say we booked the trip and used this book as a guide. We flew to San

Fransisco and flew out of Seattle. We rented a car and drove the coast of the Pacific Northwest. We experienced some of the best craft beer, freshest food, and most beautiful scenery in the country. The great thing about this book is that the breweries and brew pubs mentioned had awesome craft beer AND excellent food to go with it. Throw in the beautiful scenery that surrounded these locations and you had a complete winner! This was by far one of the best trips my wife and I had ever taken. Europe has NOTHING on this trip. I would highly recommend this book! 4 of 4 people found the following review helpful. *Craft Beer Tour Guide* By Sarah N. Pederson This book is such an easy read for any beer lover interested in the Pacific NW! Packed with info and fun facts, this book is such a help when traveling around Oregon, Washington or British Columbia. On a recent trip, I stuffed it in my backpack and used it like a Lonely Planet. Stopping at the breweries and suggested restaurants along the way. The maps were super helpful! How nice to be able to take a pit stop in Bend, OR and realize that you can walk to four breweries within blocks of each other. Without this book, it would have taken a lot of googling and of research to plan such an efficient route. This book laid it all out for me! Loved it. I left it in my backpack for next weekend!!!! 1 of 1 people found the following review helpful. *Beer Lovers Guide* By Alan Clements I've visited Oregon twice in the last few years and was aware of Lisa Morrison through her writings for various beer publications such as *Celebrator* magazine so when I saw this book mentioned in *Celebrator* I had to get one. I'm now planning a third trip in July 2011 and will definitely be taking Lisa's book with me. I've already visited many of the brewpubs and bars listed in Seattle, Portland, Eugene etc and it's interesting to read the background info on many of the bars, breweries and micro breweries. The Pacific Northwest is for me (I'm from The UK) definitely Beervana. The book is a highly interesting, informative (and at times educational) guide to beer drinking in the NW USA (and Canada) featuring guides to each area, background info on the pubs, beers and breweries as well as useful pub crawls and maps. I will be definitely taking the book with me on my next trip and putting it to good use. Recommended for any one into beer tourism!

In the 1970s a handful of brewers in Oregon, Washington, and British Columbia were tired of the traditional light and flavorless American beers and began exploring ways to make better beer brewed from local ingredients. The "microbrews" (as they were originally called) caught on, and the Northwest quickly became the center of the craft beer movement that is now flourishing and spreading across the United States, Canada, and the world. *Craft Beers of the Pacific Northwest* is a sud-soaked adventure through the 115 key breweries and brew pubs in Oregon, Washington, and British Columbia. Lisa Morrison, aka The Beer Goddess, has included every brewery worth visiting, from pioneers like McMenamens, whose Hillsdale Brewery Public House in southwest Portland was the first brewpub in Oregon, to a new generation of start ups like Upright Brewing, a production brewery that is creating French-Belgian inspired, open-fermented beers. With 18 walkable pub-crawls, a beer primer and glossary, a list of the best bottle shops, *Craft Beers of the Pacific Northwest* has everything a beer lover needs to navigate the best of what the region has to offer.

"Experience the city's beer-loving spirit first-hand." —U.S. News World Report "The ultimate guide for locals looking to have a perfect time enjoying the craft beers of the Pacific Northwest." —Portland Book "If you don't live or regularly travel to the Pacific Northwest, watch out. You'll be itching to toss this book into a bag and board a flight." —Serious Eats "Interesting facts and insider tips." —Seattle Weekly "A well-written and entertaining travel guide to the best breweries and pubs in this region." —ItsPubNight.com "I will need to buy several copies as I am going to wear them out as I use them as my new 'where do we go next?' guide in the Pacific Northwest." —Brewdad.com "Morrison employs an entertaining, readable style that imparts a lot of information to the reader without becoming repetitive or stale." —Vancouver Sun "This book offers 18 pubcrawls. . . . Grab it, get to Portland, or Seattle, or Vancouver and start wandering." —Ale Street News "This comprehensive coverage of our ever-expanding corner of Beervana focuses on all the best of the best." —Brewpublic "Will pique your beery interest for years to come, yet is slim enough to slip into your travel bag." —Antsaint.com "A real winner." —Beervana.com "Gives very valuable information to the prospective beer connoisseur. I've found my new drinking buddy, and it's only 200 pages long." —Portlandbeer.org
