This book sees the most exciting, ground-breaking and pioneering craft breweries in the world reveal the recipes behind their best beers. Some 50 international craft breweries have volunteered a recipe (from the mighty Brew Dog to the much-loved Brooklyn in New York) to create a unique, useful and technically accurate book for the homebrewer. The book offers a solid introduction to the kit required for all-grain brewing at home, including a glossary of the terms, and tips and techniques for getting the best brew at home.
