Tina Vilicich-Solomon : Creepy Cookies (Kidbacks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Creepy Cookies (Kidbacks):

0 of 0 people found the following review helpful. Cookie cookbook By Valerie J. Seamons Blood clot chewies...how can you go wrong? This being a grandma stuff is TOO MUCH FUN! Great book and service. TY! 0 of 0 people found the following review helpful. Recipes taste great! By Karen P. I have been searching for this book since a tornado destroyed my copy ten years ago. I could not remember the name of the book but I did remember that the Scaly Swamp Thing is the best cornflake recipe I have ever tried. That is important. The recipes are not only gross but also

delicious.6 of 8 people found the following review helpful. Excellent cookbook for kids, and not bad for adultsBy A CustomerThis cookbook would be excellent for children, as it is specifically geared for them. There are safety tips throughout the book, and I think the writing level is appropriate for the age category listed. I bought the book for use at my annual Halloween party. I think the recipes will be very useful, and look forward to grossing out my friends with these tasty but disgusting-looking treats.

Illustrated in black-and-white. From palatable Pus Poppers to bewitching Blood Clot Chewies, here is everything beginner bakers need to present perfectly disgusting and gruesome goodies to friends and family. The ultimate compendium of scary sweets--containing over twenty recipes and many hideous suggestions for how to present these gross, gut-wrenching treats. But don't be fooled by these repulsive recipes--they all taste totally yummy. Fully illustrated in black-and-white with instructive and humorous line drawings, Creepy Cookies is the ultimate guide to festering finger food!
