mean, CREPES! There should be a touch of exotic or romance. I can tell the ingredients will go together well, there's nothing that will be impossible to find between the market, ethnic markets if you're near a city, or the internet. The beauty is that once the cooking of the crepe itself is mastered, slight learning curve, there are some delightful treats that will make you look like a total kitchen pro for very little fuss and bother. Clear directions. And don't tell, but I was given a packet of crepe mix (which is why I got the book) so all the much easier! Shhhhhh!!!! 0 of 0 people found the following review helpful. Why Are All These Crepes Flavored?By MadeupaginDespite this question, these all looked pretty good! I know I will try recipes 13 30. Despite being called flavored, they look like the real thing. #13 is Cheese-Spinach "Flavored" Crepes and the cheese is not what you'd expect. #30 is Orange Chocolate Chip "Flavored" Crepes, and although they look like a lot of work, I was drooling. There are indeed "Over 30" recipes here, there are 31. There is a recipe here for something called Dosas (not flavored or anything" and they look intriguing. These I may try.0 of 0 people found the following review helpful. Crepes made simple, fun, and delicious.By M.
