There are loads of tips on how to bake them, why yours did or didn't turn out, what products to buy and where to buy them, how to use the tools, how to get the fancy look, and most of all how to make them taste good. One tip though, her frosting recipes (by her admission) make a ton of frosting. You can see by the photos in the book that she uses LOTS of frosting. I made her vanilla buttercream, but cut the recipe in half, and still had plenty to frost 18 cupcakes, with some leftover--and I did not skimp. I took these cupcakes to work yesterday, and got compliments on the frosting. The author includes some clever ideas, such as using egg cartons to transport mini-cupcakes, or use a clear plastic punch glass and cellophane to package cupcakes individually for a bake sale. I'm really glad I bought this book. I think you will feel inspired to bake and create, too. Next up for me is trying her chocolate malted frosting--

except I'm going to make mine vanilla. This is what I like about her book, she inspires you to take her recipes off in your own direction.0 of 0 people found the following review helpful. Love this book!By Pam SchrockI ordered this book for my 9 year old granddaughter. We has a wonderful "Cupcake wars" themed birthday party this year for her used this book for our three cupcake recipes. She I also made several recipes to practice. The recipes are simple but fancy enough to be special. I liked this book so much that I bought a copy on kindle so she I can enjoy it together even tho we live in different states. The book was a big hit with everyone. I also ordered 2 other cupcake books this is the favorite by far! I recommend it for all ages too, whether or not you can cook.0 of 0 people found the following review helpful. Wonderful book! A must buy for the novice baker!By CustomerThe recipes are easy and tasty! So happy I found this book. I bought it on kindle, but I am considering buying the actual hardcopy of the book. The author has created some easy and delicious recipes that utilize basic everyday ingredients. You don't have to go on a shopping scavenger hunt to find the items for any one recipe.

Bring the bakery home! These delectable and delightfully adorable cupcakes look and taste so amazing your friends and family won t believe you made them yourself and from a mix! From French Toast, Cherry Cola, Cake Batter, to Fudge Sundae, and Mocha Swirl, add a little extra sweetness and sass to your next celebration with these quick and easy cupcakes!
