Lynn Koolish : Cupcakes!: 30+ Yummy Projects to Sew, Quilt, Knit Bake before purchasing it in order to gage whether or not it would be worth my time, and all praised Cupcakes!: 30+ Yummy Projects to Sew, Quilt, Knit Bake:

3 of 4 people found the following review helpful. Fun felt dessertsBy sjbobThe cupcakes are a lot of fun and easy to make. A must for the complete felt bakery.0 of 0 people found the following review helpful. What about the knitters?!By Nora CI was really disappointed when I found that there was only one cupcake project that I would like to knit. If you enjoy sewing, this book is for you, but don't waste your time on this book if you are a knitter. There are better patterns that you can get for free on yarnspirations and other pattern websites. The cupcakes are definitely cute, but not enough variety for me. Also, I had a digital copy and it was difficult to read--it would probably be better if you get a hard copy.1 of 1 people found the following review helpful. A Yummy Treat of a Book!By KrisSI bought this book for my godchild based solely on the name - and it lived up to it! Small in size, big on ideas. And, yes, there are even real cupcake recipes in it. There are projects suitable for different age groups, too. The book includes templates so there's no reason not to get started.

30+ adorable cupcakes to make with fabric, yarn, felt, and paper, plus lots of mouth-watering cupcake recipes.
