Turn out that it became really handy when two of my kids had to do something for their leaders. They decided to work together and make cupcakes for them. They picked a fun little recipe for their sweet tooth.This cookbook is easy to use and contains pictures to allow you to visualize the end result of a recipe. The table of contents can quickly bring you to the recipe chooser, the techniques, the cupcakes and muffins recipes, the mini cakes and cake pops recipes, the mini bakes and bars recipes and finally the patisserie and tarts recipes. Each recipe is clearly detailed with the ingredients and the steps to execute it.0 of 0 people found the following review helpful. A good primer for beginning bakersBy Bellingham BookwormA good primer for beginning bakers. Tons of colored photos, a whole section detailing how to use baking tools, and step by step instructions.Two small quibbles: There are very few recipes that I haven't seen a million times before and there is no nutritional information included for the recipes.This would be an excellent book for a person learning to bake. If you are an accomplished baker this book may

not be for you. 0 of 0 people found the following review helpful. LOVE! By fredamans For all of you adventurous bakers, this is what you need. This awesome step-by-step, fully illustrated book has everything in it to teach you how to make the prettiest cakes, cupcakes, cake pops and more. It shows you what tools you will need, and exactly how to implement them. I can't wait to start practicing with some of these cake tools, and make prettier cakes.

Full of cupcakes, cake pop recipes, small cakes, frosting, icing, and cake decorating techniques, *Cupcakes Mini Cakes* is packed with over 100 serving-size treats to make at home. This baker's cookbook is sweet from cover to cover! Whether you want to make special, unique birthday cupcakes, bake beautiful wedding cupcakes, decorate cakes, or have fun decorating cake pops or mixing your own frosting and icing, *Cupcakes Mini Cakes* is perfect. It has inspiration as well as practical baking techniques, and it's full of creative ideas for cupcakes and mini cakes. Obsessed with cake pops? This book is your ultimate cake pop resource, with recipes for cake pops, advice on decorating cake pops, and great ideas for coming up with creative ideas. Whether you want cupcakes with a bit of whimsy, mini cakes for special occasions, delicious brownies, or perfect cookies, *Cupcakes Mini Cakes* has all the sweet treats you can bake.
