A delicious addition to any kitchen library.By Kyrie NicholasI bought this book despite the low star rating it has received in the past thinking that I'll at least get some new recipes out of it. And I have! But first let me tell you, this is no small book its at least 12 inches high and as wide and every recipe and picture is printed on gloss paper. Beautiful pictures and easy to follow recipes makes this book a welcome addition to any novice baker's kitchen, almost every recipe is followed with a photo of the muffin or cupcake. You don't even have to cook from it just sit and stare at the pictures. A really wonderful book.0 of 0 people found the following review helpful. Beautiful BookBy Music LoverIf you enjoy baking little cakes, this book will surely appeal

to you. Just having received it, I have not yet tried any of the recipes but there are several I want to do soon. This quality book is very attractively produced; it contains beautiful photographs of each recipe. Ingredients are given in both metric and standard measures.

Here is everything you need to know about making, baking and decorating muffins and cupcakes, with easy-to-follow step-by-step instructions.

About the Author Carol Pastor trained as an illustrator and worked as a magazine designer before becoming a food writer, creative food stylist and food photographer. She writes food and travel features for national magazines and newspapers and has run a cookery school. She has worked as a consultant and recipe writer for a number of companies which include Whitworths Sugar and Electrolux Ovens. Carol is the author of six cookbooks, two of which she has photographed herself and five of them specialising in baking and patisserie, including Pastry Magic published by Cassell and Home Baking published by New Holland
