By Raanan Turgeman I love this book. "Out of the box" recipes! It is hard to find a professional cooking book that doesn't compromise on ingredients, excellent recipes and creative presentation. Yes, yes, the ingredients in few recipes might be less common, but once you taste it, you understand it is a gourmet cupcakes book. My daughter and I tried the pistachio cupcakes and they were delicious. The honey and almonds are fabulous and easy to do. I bought it also to couple of friends as a holiday gift, and they loved it. The pictures are magnificent and the cover is so colorful and happy, like the cupcakes. .... The only thing I would add is the relative difficulties between the recipes. Thank you Lilach. 0 of 0 people found the following review helpful. Five Stars By Diane Tischnick book

Yum! Yum! and more Yum! Rich and chocolaty, light and lemony, small and sweet and sprinkled with little hearts for Valentine's Day, these gourmet creations from a Le Cordon Bleu Chef taste heavenly and look beautiful. With recipes ranging from very adult, sophisticated creations for celebratory occasions to delectable treats kids will gobble up, this cupcake cookbook features something delicious for everyone and something special for every occasion. Pink and blue cupcakes, topped with color-coordinated sprinkles, will charm guests at a baby shower. Coffee-Brandy Cupcakes are a special treat for grown-ups only. Breakfast becomes just a little brighter with Cranberry-Pumpkin Seed cakes. There are even some healthy recipes featuring such unique ingredients as quinoa, Brazil nuts, green tea, lavender, and pomegranates. But for decadence, nothing beats the "Top Cat Cupcake" with chocolate icing dripping

down the sides. Throughout, stunning photos showcase every gorgeous delicacy, piled high with luscious frosting and presented in theme-appropriate paper cups. They'll provide every baker with inspiration to whip up delicacies as visually scrumptious as they are delicious!
