**Sara Neumeier : Cupcakes Year-Round: 50 Recipes for Every Season and Celebration** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cupcakes Year-Round: 50 Recipes for Every Season and Celebration:

2 of 2 people found the following review helpful. One-Bowl Vanilla Cupcakes By Mairzy Because of the many rave reviews for the one-bowl vanilla cupcakes, I bought the book. Yes, I agree with many reviewers about the odd formatting. However, Sara's recipes are so good you will forget all about any inconvenience once you have a taste of these cupcakes (taken straight from page 23 of the book): ONE-BOWL VANILLA CUPCAKES 1 1/2 cups (3 sticks) unsalted butter 1 1/2 cups packed light brown sugar 3 large eggs 1 1/4 cups milk 2 teaspoons pure vanilla extract 2 teaspoons baking powder 1/2 teaspoon salt 3 cups cake flour Preheat the oven to 350 degrees. Line 24 cupcake tins with baking papers. Place the butter in a medium, heatproof bowl placed over a pot of gently simmering water. When the

butter is just melted, whisk in the brown sugar. Let cool to lukewarm temperature, about 4 minutes. Whisk the eggs into the mixture. Add the milk, vanilla, baking powder, and salt; whisk to combine. Whisk in the flour until evenly combined. Fill each baking paper two-thirds full. Bake until a skewer inserted into the middle of a cupcake comes out clean, about 20 minutes. 0 of 0 people found the following review helpful. I love this recipe book! The author provides many variations on the same recipe depending on the season...or your available ingredients. I made the pastel petit fours for Easter brunch and they were delish and looked identical to the picture. 0 of 0 people found the following review helpful. Loving Cupcakes By Jewish Mother Purchased this book "used" but it is in brand new condition. Very informative for anyone who bakes, whether it be cupcakes or something else. Hints and advice to make the baking experience a positive one. The design of the book is not the usual page by page with a table of contents. It can be set up as an easel needing the pages to be flipped forward and back. It is a bit confusing but the pictures are lovely and the recipes are delicious.

Includes recipes ranging from a one-bowl cake with creamed butter icing to chocolate ganache covered cupcakes with gold-leafed chocolate shards on top. This book shows how each cupcake can be kept simple or embellished to personal taste with flavoured syrups and fillings. It shows the average home cook how easy it is to bake and decorate cupcakes.

About the Author Sara Neumeier is a freelance recipe developer, food stylist and writer with a client list that includes Gourmet, Food and Wine, Real Simple, In Style, Country Living, along with Martha Stewart Living. She is a graduate of the Rhode Island School of Design and the Professional Cooking Program at Peter Kump's Cooking School.
