Cindi Flahive-Sobel : Daily Bread before purchasing it in order to gage whether or not it would be worth my time, and all praised Daily Bread:

0 of 1 people found the following review helpful. Not worth the money By A Customer This book looks like it would be exciting, but the recipes are utterly boring and can be found all over the internet for free. There is nothing really original about it, and I had imagined that if an author touts about haveing low-fat recipes, they would actually provide

nutritional information. 1 of 1 people found the following review helpful. Easy to use and the results are marvelous
By Dr Deidre Little
Of all the books I've used on baking, I found this simple little book so easy to use and the results were wonderful. Her story is also very inspiring.

Fresh bread every day? A phenomenally successful baker shares her simple, satisfying recipes, along with her home-grown success story. The wonderful collection includes more than 50 recipes for yeast and quick breads, muffins, scones and other treats, many low in fat.
