Deborah De Long, Steve De Long : De Long's Wine Grape Varietal Table before purchasing it in order to gage whether or not it would be worth my time, and all praised De Long's Wine Grape Varietal Table:

0 of 0 people found the following review helpful. Absolute perfection
By j bruggeman My husband got me this for my birthday. I had wanted it for years but everyone I found was small and cheap. This is printed very nicely, heavy high quality paper. We framed it and I love it so much!!

By Ted Dudziak This is an awesome chart which is a "periodic table" for wine varieties.

Learn about Wine the Visual Way. You consider yourself fairly open minded about wine. You're familiar with the big five -- Merlot, Cabernet Sauvignon, Pinot Noir, Sauvignon Blanc, and Chardonnay -- and are getting comfortable with more obscure grape varieties: the occasional Albarino, Petite Sirah, or Viognier. But just when you thought you had the situation under control, your waiter suggests a Lagrein, your local liquor store is pushing Xynomavro, and your friends now swear by Pineau d'Aunis. What to do? The popular wine reference, De long's Wine Grape Varietal Table has been improved and expanded. Just as with the first edition, the world of wine grapes is organized in a clear, concise and easy to use reference similar to a periodic table. The table contains 184 red and white grape varieties organized by both body (vertically) and acidity (horizontally). The Wine Indexes, which help to answer the bacchanalian question "what grape are you drinking?", now include all wine regions worldwide. To fit all the additional information in, the table is now 24 x 36 inches (printed on 110 lb. acid-free archival paper), and the indexes now comprise an 88 page perfect-bound book. It makes a great gift for novice or expert lovers of wine.

A great tool for anyone who loves wine, and it makes a nice addition to your tasting room or cellar. --Anthony Dias
Blue Innovative presentation and attractive graphical display provides new insight into the world of grapes and wines. --Robin Garr
Really out of sight. I love the scheme of it, the design and production values. . . a great success. --Randall Grahm
About the Author The husband and wife team of Deborah and Steve De Long combined their mutual enthusiasm for both wine and design when they started work on the Wine Grape Varietal Table. Originally visual people by trade - Deborah, a home fashion designer and Steve, an architect - the table helped them to make sense of the vast and often confusing world of wine grape varieties.
