Robin Spano : Death's Last Run: A Clare Vengel Undercover Novel before purchasing it in order to gauge whether or not it would be worth my time, and all praised Death's Last Run: A Clare Vengel Undercover Novel:

0 of 0 people found the following review helpful. The Best Read By Dru Love I have to tell you, I've read the first two books in this series, but this third one is the best one yet. Clare goes undercover and what she must do to protect her identity was very interesting and I liked how the author portrayed that moment. I love the way each chapter featured a character with a continuous flow where not one scene is missed is a testament to a great writing style. This is an

intensely riveting drama that I could not put down and kept me on my toes as the search for the truth escalated to a surprising revelation. Clare's free-spiritedness sometimes gets her into trouble in both her professional and personal life, but she is lucky to be surrounded by a great cast of characters who accept her for what she is. Again, this is a great read and I look forward to Clare's next adventure.

0 of 0 people found the following review helpful. Kind of a letdown
By Claire C. I wanted to get into this and love it. I loved the first Clare Vengel novel. The second one wasn't as good, but was okay. This one was totally lacking to me. I've lost all sympathy I have for Clare as the protagonist and I just don't care about her story. There's nothing new here and the writing came up short to me.

1 of 1 people found the following review helpful. Great plot and writing style
By Kelli Nash I really enjoyed the first Clare Vengel book: *Dead Politician Society*, so I was excited to read more about Clare in *Deaths' Last Run*. I missed book two in the series, *Death Plays Poker*, but thankfully I was not lost due to Clare's reflections on the events that occurred in book two. Clare is as different from me as she could be: she flies by the seat of her pants, gets into dangerous situations, even relishes the danger, and really takes life as it comes. She's easygoing, but very smart and dedicated to her work as an undercover officer. I love it when characters are unlike me: it allows me to live vicariously through them, pretending I could be as easygoing as Clare (I'm so not). Clare has matured both in her work and in her personal life. She is not afraid to speak up for herself, and I liked seeing her be so open and honest with Noah, her sort-of boyfriend. I loved the setting of *Death's Last Run*. I read the book, pretending I was there with Clare, snow boarding and staying in a mountain town. It was a stark contrast to hot and humid Texas! What makes Spano's books special for me is the writing. I love her third-person narrative with each chapter from a different character's point of view. I love Spano's plots, which always have nice surprises, and her characterization. No one is ever entirely who they seem to be in these mysteries, which makes them fun to read. While I did not agree with many of Clare's choices in *Death's Last Run*, I did respect her as a character and enjoyed her story. I really liked this book and would recommend it to fans of mysteries and fans of adult fiction.

Clare Vengel hits the slopes in this sassy, sexy, fast-paced mystery. A young snowboarder is found dead on the Blackcomb Glacier, and Whistler police want to close the case as suicide. The victim's mother, a U.S. senator, says her daughter would not, and did not, kill herself. At her request, the FBI sends in an undercover agent — Clare Vengel — to find out who might have killed Sacha and why. Dropped into a world of partying with ski bums and snow bunnies, Clare soon discovers that Sacha was involved in an LSD smuggling ring. Worse: the top cop in Whistler is in cahoots with the smugglers, and Clare's cover is too precarious for comfort. As suspicion snowballs, can Clare solve the case before she's buried alive?

"A wildly fun, adrenalin-fueled ride. . . . This book is too much fun to be missed. I have only one request: More please. Soon!" — Angie Abdou, author of *The Bone Cagers* and *The Canterbury Trail*
