Her character's are whimsical, detailed and are a great inspiration for bakers learning or perfecting their craft. The illustrations of her professional creations are close-up and detailed with excellent tips and assembly instructions. I would recommend this book as an addition to any cake baker's cook book collection. 0 of 0 people found the following review helpful. really BEAUTIFUL. Debbie is my hero By Carmen Paez Really, really BEAUTIFUL. Debbie is my hero. 1 of 1 people found the following review helpful. Debbie Brown's Fairy Tale Cakes By Liliana Heredia I liked this book. it has cakes recipes like Madeira

Cake, Victoria Sponge Cake, Quick Mix Cake, and Pink Marble Cake as some Icing and Fillings Recipes. also you can find Techniques, Equipment you need, and Helpful Hints. Each cake Design has its own color page. and the step by step explained details, the only difference is that in this book the step by step you find are black and white drawings not pictures like in the new books, and sometimes is " just a little hard" to see them well but if you like all about decorating cakes and you like Debbie Brown's cakes Designs, it is a good book to have. Some of the cakes you will find here are "Cinderella"; "Snow White and the Seven Dwarfs"; Hansel and Gretel"; "Rapunzel"; "Puss in Boots"; "The Three Little Pigs"; "Thumbelina"; and "Little Red Riding Hood" between others more.

Fully illustrated with step-by-step colour photographs, this book contains 25 projects for novelty cakes based on themes from fairy tales and nursery rhymes, ranging from the easy to the complicated, and includes instructions on basic cake making, cake construction and icing recipes and techniques.
