For instance, ldquo;Maybe itsquo;s Maplerdquo; includes maple and caramel syrups, pecans and vanilla ice cream for the shake, and is topped with more pecans, edible dried roses, cotton candy, fancy paper straws, and various sprinkles, all arranged on a mini pecan pie, set atop a chocolate-rimmed glass. They look incredible, and the flavors are amazing. Perfect for a fancy birthday party or fun occasion. We made a few up for a family get-together, and then set out all the ingredients for everyone to make their own. Family members competed for the tallest and the most ingredients mdash; it was really fun. The book is well bound with great design and lovely photos throughout.

Happily sipping away on a treat-laden milkshake, dripping in excess chocolate and sweets evokes a sense of delicious indulgence to which nothing else will ever come close. Let your imagination run as you create the shakes of your wildest dreams and enjoy the mouthwatering decadence that results. From the Infamous Nutella Milkshake, to the aweinspiring Double Decker, the delectable Vivo la Vogue to the brain-bending Billy Bonka, there is something for everyone to enjoy and indulge. Whatever your taste, spoil yourself ndash; and your family and friends ndash; with deliciously decadent shakes yoursquo;ve only ever dreamed of. (Matthew, Sarah Brendan Aouad)
