I thought it would be a good buy for the ideas and it was. Haven't used it much though but glad I purchased it. Very colorful book. Quick delivery. Good price. I probably would buy another by this author, just haven't looked.9 of 9 people found the following review helpful. Great book for aspiring bakers or prosBy Mario MorenoFirst off, the pictures are amazing. The whole book is very well done. This book is fantastic for aspiring bakers. It really shows how it is done step-by-step. I bought this for a friend and she LOVED it. This book is a bargain for the price and you will not regret it. My review will be brief only because I do not bake but the person I got it for loved it.4 of 4 people found the following review helpful. 10 Star Cookie Book!By mutti17522This has become my cookie bible. Bridget really produced a beautiful book and it is so easy to follow. I

have been making royal icing decorated cookies for a year and there really is not one cookie in the book that I would not attempt because her instructions are excellent. I've made quite a few and I have been so happy with the finished cookie. Tons of information. A must have for the cookie maker.
