Joanna Farrow : Decorating Cookies before purchasing it in order to gage whether or not it would be worth my time, and all praised Decorating Cookies:

6 of 8 people found the following review helpful. Decorating CookiesBy DottieThis was an ok book, however, I was looking for something a little more sophisticated. The ideas were more for everyday cookies or for a child's birthday party or school function. I have not tried any recipes. There was no excitement in this cookie decorating book for me. Sorry.0 of 0 people found the following review helpful. Decorating CookiesBy Kindle CustomerLearning to decorate cookies in more creative ways and methods to make them last, yet they are eatable and pretty too.1 of 2 people found the following review helpful. For The Cookie Lover Who Also Has An Artist's FlairBy ShelleyThe pictures and instructions shown in DECORATING COOKIES are enticing enough to call me to the kitchen and try a hand at turning my ordinary cookies into the extraordinary. Probably not a book for those who have time restraints. The cookies in this book are somewhat labor-intensive, but they are truly a labor of love.

Book by Farrow, Joanna

From BooklistSometimes, how things look outweighs the food itself. For the baker, this is particularly important.

Dozens of books on cake decorating crowd the shelves, but Farrow has made a singular contribution with *Decorating Cookies*. In some cases, Farrow replicates complicated cake decorating ideas with rolled fondants. In other instances she uses simple icings and commercially available edible sugar decorations to turn ordinary flat cookies into sumptuous works of art with decidedly modern color palettes. Home cooks will be inspired by the book's color photographs to try their hands at Farrow's techniques. Mark Knoblauch Copyright copy; American Library Association. All rights reserved
