I enjoyed reading the forward for this book and thought the author did a good job of arranging the recipes so they were simple and easy to understand. I thought most of the recipes were things I had seen before or seen variations

of, but the author presented them in a way that makes the reader want to try them and remember how good they are all over again. With a small cookbook such as this, it would have been nice to see some photos to accompany the recipes, but it was not entirely necessary. As it is really hard to find a recipe that has not been done before, I appreciated that the author was sharing recipes from her personal experiences with the rest of us. Short and sweet!4 of 4 people found the following review helpful. Fabulous Cookie and Brownie Recipes!By Mindy LeeI am happy to have found a unique recipe book in Emily Daniels' 24 Yummy Cookie and Brownie Recipes! Emily's recipes are from her and her husband's family and they are cookies and brownies the way desserts are suppose to be made...easy, from scratch, delicious.The directions are easy to follow, the ingredients easy to find. I really appreciated the helpful hints that she has included. Her expertise as a baker is obvious. There are numerous recipes that include chocolate, but also many that do not, so there is something in this recipe book for everyone. Some of the desserts can be made very quickly which I appreciate on those days when I must work late but still want to make cookies for my family.I highly recommend this cookie and brownie recipe book!4 of 4 people found the following review helpful. About the AuthorHi! Irsquo;m Emily J. Daniels, the author of Delectable Desserts ndash; 24 Yummy Cookie and Brownie Recipes. I have always enjoyed baking, and I especially enjoy seeing the look of pleasure on the faces of those who eat my desserts. I learned to bake from my mom. She always let me help her in the kitchen, even when I was very young. She was quite a patient woman!) Irsquo;ve been married for 23 years. Irsquo;d like to say my desserts were the way to my husbandrsquo;s heart, but he comes from a baking family as well. So our fondness for desserts is one of the things we have in common. I hope you love them too!
