here in town that our family used to go to A LOT when I was pregnant with our firstborn, that has my favorite dim sum. (My gestational diet was about 99% dim sum, actually.) Thanks to a greatly reduced budget, we don't go out as much, and I've missed those har gow and shui mai, a LOT. So imagine my surprise and delight when those very recipes were in this book- complete with photos that looked EXACTLY like those much-missed tidbits from my favorite eatery! I haven't had the chance to cook 'em yet- that's scheduled for this weekend. (Gung Hay Fat Choy, everybody!) But in reading the ingredients, etc., they sound like exactly what I was hoping for. This is a great little book! (And a steal at the price!) 8 of 8 people found the following review helpful. Delightful dim sum cookbook By _Customer I had the pleasure of selecting the Delicious Dim Sum: A Collection of Simple Chinese Dim Sum Recipes when it was available for free at . I'm glad I selected this book as it is a delight to read. Inside this cookbook you will find numerous tasty recipes such as these: Taro Fritters, Spring Onion Pancakes, Char Shiu Bau, Baked Pork Spring Rolls, Sweet Bean Paste Rolls, Mushroom Shu Mai, Pork Wonton, Egg Roll. Illustrating this cookbook are many colorful photos showing the dim sum delights. Recommend. 0 of 0 people found the following review helpful. Nice collection of a variety of recipes By Ohio Nice book, although it could have used a final editing. For example, the instructions portion on several recipes leave out some of the ingredients. In addition, if you don't live near an Asian market, many of the recipes are going to go wanting. I admire the effort, however, and look forward to making my favorites, and trying some new ones. In these days of inexpensive color photograph reproduction, I was a little disappointed by the black and white pics. They aren't the best quality. But, that is a quibble.
