Delicious recipes to satisfy the bread cravingBy Kelly RoboleThe recipes I have tried so far have been very good and easy to make, particularly the Paleo Biscuits. They really satisfy my craving for something bread-like! The only issue I have with this ebook is the layout of the recipes when used with the Kindle app on an iPad. The page breaks are awkward and the instructions and ingredient measurements end up on

different pages, requiring a lot of switching back and forth. That might be better on an actual Kindle, though. 1 of 1 people found the following review helpful. PaleoBy Grand TThe recipes in this book are wonderfully easy and good eating. Have shared some recipes with friends and they like them. So eat healthy and enjoy. You'll love it. 0 of 0 people found the following review helpful. Five StarsBy Sheila AllenTasty stuff - healthy too!!
