Anita Dyette : Desperate Cupcakes before purchasing it in order to gage whether or not it would be worth my time, and all praised Desperate Cupcakes:

1 of 1 people found the following review helpful. Ridiculus but funnyBy EBI first saw this as friends let his son pick this book out at BN, as he was very into cupcake shows (cupcake wars etc.). They learned a valuable lesson, not to buy any book (no matter how innocent looking) for your child without reviewing. This is not a book for children but rather has cupcakes in ridiculous and adult situations. It gave all our friends a good laugh and I just had to have this for myself!0 of 0 people found the following review helpful. bought for my teenage daughter she loved it!By KAllCute book, bought for my teenage daughter she loved it!!0 of 1 people found the following review helpful. How to turn a cute cupcake into Society's DarksideBy Beany from BrooklynThis was given to my child and we did not review it beforehand. Well, what a surprise for my child (not good) and me. The book, as a previous reviewer stated, is NOT for children or even teenagers (IMO). It shows peeping Tom's exposing themselves, drugs, etc among many other adult only pictures. I am not sure what value this is for grown-ups.Sorry but take a cute cupcake and add to it all the ills of society and you have a receipt for disaster. We threw the book out.

The private lives of cupcakesdash;exposed!Sure, cupcakes are all sweet when theyrsquo;re all dolled up for birthday parties, but what happens when the wrapper comes off? This deliciously funny book gives you a behind-the-scenes look at the wild and tawdry lives of Desperate Cupcakes. Yoursquo;l meet insecure cupcakes like Sally, who wraps

herself in bacon to bring the sizzle back into her relationship. Follow these cupcakes to the dark side as they experience sugar rushes and crashes, succumb to snack attacks, and engage in ill-advised activities (like riding with the Hells Angle Cakes.) You'll delve into their fears, their woes, and their fierce suspicion of muffins. Ultimately, you'll discover how truly difficult it is to be everyone's favorite dessert.
