Mai Leung : Dim Sum and Other Chinese Street Foods (Harper Colophon Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dim Sum and Other Chinese Street Foods (Harper Colophon Books):

7 of 7 people found the following review helpful. Authentic history wrapped around each recipe. The chinese experience the way my mother knew the world from 40's-70's.By Everything Stops at Half Past 3 for TeaThis book has many of the recipes and ways of life that my family lived with in China. There is one special recipe in the book for deep-fried sweet sesame balls that no one else could make any better. It is this kind of unique and obscure recipe that makes this book interesting. The lore behind where the recipes came from or how people make a living with these foods is what makes the book a really good read. I love all the recipes that are included.This is the second printing of the original Chinese Peoples Cookbook published in 1979. It's the same book in paperback.1 of 1 people found the following review helpful. Very good book on dimsumBy genieI owned several cookbook on dimsum and this one is my favorite. I tried a couple recipes from the book with success. If you like dimsum like I do and wanted to try making it at home, get a copy of this book.0 of 0 people found the following review helpful. had some good stories about the night life in hong kongBy Gordon Quanvery interesting book. had some good stories about the night life in hong kong.

The food in this book is simple, hearty, peasant fare, everyday food -- but sophisticated in its interplay of flavour and

textures. The dishes are easy to prepare, inexpensive and nutritious. There are special sections on Chinese tea and the sometimes bewildering world of Chinese noodles: how to store and cook them, how to make your own, how to find the best ones.
