I have a house full of boys and donuts are a family favorite. I especially love that they included a recipe for the Maple Bacon donut from Voodoo Donuts in Portland. That's probably the whole reason why I bought this cookbook actually. I donut lie, we love donuts.0 of 0 people found the following review helpful. Five Stars By L. Fenton Awesome!! Donuts are America's favorite treat and, in Donut Nation, Ellen Brown travels the United States in search of the best

donut shops. From beloved mom-and-pop establishments and roadside cafes to innovative boutiques and artisanal restaurants, there are more than seventy hand-crafted donut shops to take you from Maine to Arizona. Perfect for the cross-country explorer or home chef, it also includes mouthwatering recipes for donuts like Orange-Pistachio Cake, Maple Bacon, and Strawberry-Buttermilk. Donut Nation is a one-of-a-kind trip to the heart of an American classic.

“I always await with an appetite the next volume from the prolific Ellen Brown, whose topics often seem narrow but whose scope is daunting, even when it comes to an item like the donut. For this is not just a book of recipes--and they are all tempting, with names like “Dutch Monkey,” “Chocolate Stout,” and “Zeppolers”;--it is also a Baedeker to the myriad donut shops all over America, each thoroughly researched and lovingly described. Brown, who was USA Today's first food editor and now is a weekly columnist for the Providence Journal, has enormous affection for American fare and she writes about it with gusto, as when she describes the nurse-like uniforms of Psycho Donuts in San Jose, CA, where the donuts types are scribbled on prescription pads.”--John Mariani, Virtual Gourmet
