Dorothy Huang : Dorothy Huang's Chinese Cooking before purchasing it in order to gage whether or not it would be worth my time, and all praised Dorothy Huang's Chinese Cooking:

DeenWe already had a copy of Chinese Cooking that we received as a gift; the recent purchase was actually a gift from someone else. It's a great book, with a section on ingredients and hardware, great recipes, and enough consistency so that, after a while, you can mix and match and vary things up as you want. I recommend it to anyone wanting to learn to cook American Chinese.0 of 0 people found the following review helpful. Great Buy!By RosieI ordered a used book: it came in beautiful condition and is a first edition complete with dust jacket! How cool is that? Dorothy Huang is currently working in the Austin area and her classes are well attended. She is a great teacher; I have attended only one of her classes and it inspired me to purchase her book.0 of 0 people found the following review helpful. A classic.By Jay P. FrancisA classic. Dorothy has a newer book which I love. But this is the one used in her cooking classes for decades and is still a favorite of mine.
